A Sense Of Order In Your Home

Organize your closets, kitchen, garage
and every room in the house.

A Sense Of Order For Your Home

Your builder and ClosetMaid take pride in offering storage systems for your home that provide outstanding quality at an affordable price. Whether it's premium MasterSuite® or MultiSuite™ laminate or functional ventilated wire shelving, there's a feeling that comes from having a place for your things—a feeling every ClosetMaid® storage system brings to your home and adds to your life.

In the following pages, you'll see the possibilities for bringing a sense of order to your home, right from the start.

Since 1965, ClosetMaid has been the leader in innovative, affordable storage solutions. We offer the widest selection of wire and laminate storage systems available today. All designed to fit your needs and lifestyle.

MasterSuite®

Add elegance to your home with MasterSuite®.

What used to be true only of flooring, countertops and appliances now also applies to the storage areas of your home. You can upgrade closets, kitchen pantry, garage, basement and laundry with premium MasterSuite® storage systems. MasterSuite offers an array of beautiful finishes plus a full range of complementary accessories. Durable construction and quality European hardware provide assurance that the beauty of these storage systems is more than just aesthetic.

Chrome Shoe Fences provide a chic way to store shoes.

Pull-Out Hamper keeps laundry out of sight.

Framed Doors and Crown Molding add style and elegance.

Benches add convenience and extra storage.

Tower Doors offer enclosed cabinet space.

Jewelry Trays organize prized possessions.

Full extension slides provide full access.

Hutches expand shelf and drawer space.

Slide-Out Valet Rod makes dressing or packing more convenient.

Oil-Rubbed Bronze accessories and hardware expanding options.

Chrome Closet Rods provide an attractive accent.

Slide-out Tie and Belt Racks provide easy access.

Designer Baskets in white or chrome store anything from linens to produce.

Ventilated Wire Shelving Systems

We've raised the bar for organization.

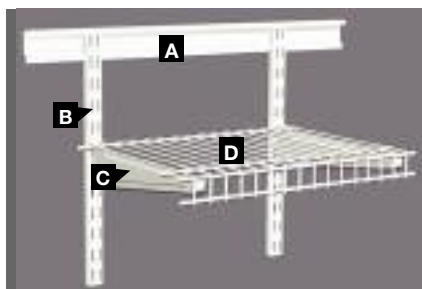

ClosetMaid's versatile wire shelving organization systems maximize storage space in every room of the home, from closets, to kitchen, to garage. Customize the different storage areas of your home with shelving that's designed to meet specific needs.

Mounting Systems

ClosetMaid® offers a choice of two mounting systems for wire shelving.

SHELFTRACK™

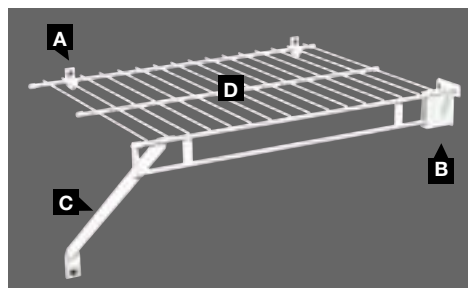

- A** Hang Track
- B** Standard
- C** Bracket
- D** Shelving

The adjustable, easy-to-install ShelfTrack™ system provides versatile storage in closets and pantries. Once installed, ShelfTrack allows you to re-configure your storage space to accommodate your changing storage needs. No new holes to drill. No anything. Shelves can be quickly and easily raised or lowered. The heavy-duty Maximum Load® version of ShelfTrack™ is great for getting your garage together.

Traditional Fixed Mount

- A** Wall Clip
- B** Side Wall Bracket
- C** Support Bracket
- D** Shelving

Something amazing happens to a standard 8-foot reach-in closet when you use ClosetMaid's Fixed Mount system. Exactly the same clothing has more room to breathe. Those leaning towers of stacked sweaters become neatly stored and easily accessible. And all that wasted space is fully utilized.

After choosing your mounting system, select the type of shelving that's right for the job you want it to do.

Wire Shelving Types

SuperSlide®

SUPERSLIDE®

SuperSlide® shelving is a great all-purpose shelf for any need. The addition of SuperSlide® hardware provides continuous sliding hanger action. Corner shelves and rounder bars maximize space in walk-in closets. One of our most versatile products, SuperSlide remains consistently popular with consumers and builders alike. Available in 12" and 16" depths.

Shelf & Rod

Shelf & Rod, with 12" of hanger glide, is the most economical shelving option in the ClosetMaid® line and is available in 10", 12", and 16" depths.

TotalSlide™

TOTAL SLIDE™

TotalSlide™ shelving offers one-piece installation with continuous hanger sliding action. The lip design features a low-profile, linen-style configuration. Available in 12" and 16" depths.

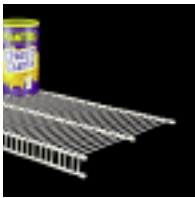

Linen

Linen shelving provides additional depths of all-purpose shelving that can be used in any room. Available in 6", 9", 20" and 12" Double-Lip.

Wire Shelving Types

Close Mesh

Close Mesh shelving has deck wires that are $\frac{5}{8}$ " apart instead of the standard 1". It's the preferred shelving for pantry, linen and bath installations, as the closer deck wires prevent small items from slipping through. Close Mesh shelving is available in 6", 9", 12", 16", and 20" depths.

Maximum Load®

MAXIMUM LOAD®

Heavy-duty Maximum Load® shelving is ideal for garage or basement storage, supporting up to 600 lbs per six-foot shelf. Available in 16" depth.

Wire & Laminate Combinations

The ShelfTrack™ mounting system has been combined with MasterSuite® laminate components to produce storage systems offering easy installation, adjustability and an attractive, upscale look. Available in MasterSuite® finishes—Warm Cognac, Chocolate Pear, Antique White and Clean White. Add matching Wood Fronts and Chrome Poles to create storage areas with a luxurious, custom look.

ShelfTrack™ with White Laminate Shelf Fronts

ShelfTrack™ with White Shelf, Drawer and Basket Units

ShelfTrack™ Pantry with Laminate Shelving

ProCuisine™ Chrome Cabinet Organizers

These restaurant-grade organizers let you slide out the contents of lower kitchen cabinets so everything is visible and easily retrieved without kneeling or reaching.

**14¾" Wide
1-Tray Slider**

Spice Rack

**11½" Wide
2-Tray Slider**

Single Trash Bin Slider

Basket Systems and Accessories

ClosetMaid® has created an entire line of storage accessories to complement our laminate and wire shelving systems.

Basket System

Wall Rack

Shoe Rack

Hanging Baskets

These convenient baskets work with any type of ClosetMaid wire shelving, providing additional space for folded or small items below the shelving.

Deluxe Tie and Belt Rack

This rack works with all types of ClosetMaid wire shelving and pulls out for easy access. Holds 40 ties, scarves and/or belts.

Broom and Mop Holder

Keeps household equipment off the floor and out of the way. Mounts on wall or door.

Trash Bag Holder

This in-cabinet pull-out uses standard 13-gallon trash bags and slides out for easy access.
